

# COVID-19 INFORMATION

Every person entering the Academy must read this!

*The following precautions are in effect throughout the coronavirus response:*

## To limit the number of people entering the Academy:

- Parents drop off and pick up at the front door.
  - Drop off: A Kiddie Academy employee will meet parents at the door and bring children into the building.
  - Pick up: Parents should call the Academy when they arrive and wait in their car. An employee will signal the parent when the child is ready and meet them at the Academy door for a safe transition.

## Personal health precautions:

- All staff are fully trained on Universal Precautions, current Centers for Disease Control and Prevention guidelines related to COVID-19 and they are consistently practicing social distancing while outside of the Academy.
- Designated people are assigned to take staff and children's temperatures upon entry to the building each day.
- A complete daily health check will be made on all children upon arrival (to the Academy or classroom).
- All children and staff must wash their hands upon entering the Academy and classroom. This includes coming in from the playground and returning from breaks (child handwashing will be supervised).
- Parents should take home any personal items each day for cleaning.

## Classrooms:

- Children may not bring personal toys, bedding or cups into the Academy.

## Food and beverages in classrooms:

- Children may not bring sippy cups or other reusable water bottles or cups from home.

## Infant Room:

- Teachers use a clean blanket, cloth or bath towel over their clothing, changing it out between holding infants and toddlers.
- Non-mobile infants are placed on individual blankets rather than on one large blanket or mat.
- Blankets and sleep sacks will be sent home daily for laundering or get laundered daily onsite.

## Nap Time:

- Distance between cots has been increased to six feet, where possible.
- Cots have been labeled with children's names.
